As Carl and Assad start investigating the case, they are led on to an old emergency call from a desperate girl who seems to know the secrets of the murders. Soon they are plunged into an intense search for the girl, Kimmie, who has been missing since the murders happened. THE CONTEST
- TO THE STARS AND BACK
/ MGP MISSIONEN

Being a stranger doesn't necessarily mean to be coming from the farthest away. Karl and his mother are about to learn this when they move from the west coast of Denmark to the ethnically, and religiously, mixed area of Nørrebro in Copenhagen. Sawsan, a young Muslim girl in Karl's new class, takes him under her wings and tries to integrate him into the big city, with all its slang and hipness. Sawsan is far more experienced and blunt than you would normally see amongst her peers, but also in comparison with Karl. That is, only until her big dream comes true and one of her own songs is selected for the Danish version of the Eurovision Song Contest for kids. Sawsan's father says no, but Karl has other plans.

But it does, Lucas and Maria still feel attracted to each other. Neither of them wants to break it up. As a solution the two women decide to share and sleep with Lucas by turns. **MISSION RAPE
- A TOOL OF WAR**
/ VOLDTÆGT SOM KRIGSVÅBEN

Despite increasingly refined war technology, mass rape is used as a tool of war in modern combat. Some 25,000 to 40,000 women were victims of mass rape during the Balkan war 1992-1995. Twenty years after these crimes, only very few cases of war crimes of sexual violence have been investigated and prosecuted. For the women in the film the rapes remain a heavy, dark shadow in their lives enshrouded by taboo. For these women legal justice is the only hope to regain integrity and life. But justice fails and betrays them all the way to the International Criminal Court of Justice (ICTY) in The Hague.

SHADOW OF A HERO
/ SKYGGEN AF EN HELT

This is a film about a man, who sets out to discover how the death of his grandfather in the Spanish Civil War could split up the entire family for three generations. Was this ancestor really the hero that he grew up hearing so much about, or rather a traitor as his elusive grandmother claims one night after a whole life in silence? On a journey from Copenhagen via the small, rocky island of Bornholm to the red mountains of Ebro in Spain, the grandson, Laurits, who's the director of this film, tries to excavate the layers of myth and memory in order to bring back together his family in the shadow of The Spanish Civil War. But does there even exist a red line through this erratic family of artists?

THE VISIT
/ THE VISIT

The film opens with a close-up of an animal. It instinctively reacts to something unknown. At the same time in Vienna, at UN's Office for Outer Space Affairs, a phone rings. Astro-physicist, Dr. Mazlan Othman, is informed that an alien has arrived. From this point on "The Visit" plays out almost as a classic 'Heist'-movie. A number of individuals with distinctly different personalities and obscure competences are assembled to make the impossible possible: the author of the Space Law, an astro-biologist, a space architect, the military, experts in Lingua Cosmica (a cosmic language developed, albeit spoken by very few), among others. In our film, however, there is a twist to the classic heist, as none of the experts know the exact nature of the challenge they are facing.
