BJARNE OG BRITAS VIDUNDERLIGE VERDEN 1-5

Jannik Hastrup, Denmark, 1990 

37 min. | DK/Short fiction | Animation, Educational films

Five animated films on the environment. Barney and Betty are normal Danish consumers with both scepticism and optimism when the debate turns on smoke and noise. The films deal with the sea, the throw-away-mentality, the forest and the »dangerous« sun.
