A LIE

Katrine Høyberg, Denmark, 1993
 6 min. | DK/Short fiction

The dream with or without reason, of something obscure, where shall I find and what, am I ungratefull. Believe sometimes, too often doubt the trifles, that are the base of the fruit at the core, and that which I long to see, when I have created with infinite joy and satisfaction, I find myself in longing to ravage, destroy, to build and move on.

Basic information
