ON THE ROAD WITH DAD - THE DADDYCAR GETS WINGS 4:6

Laurits Munch-Petersen, Denmark, 2018

18 min. | DK/Documentary | Children's films

Iris loves to go on the road with dad, cause while they're driving she can have him all to herself. Iris and daddy are going on summer vacation at the grannies to the island of Møn. In the car, they have created a fantasy space where they can talk about any secret they want. For example, do you prefer mosquitoes or ticks? And is it true what dad says, that scientists have invented a car that can actually fly?
