KIDS ON THE SILK ROAD

Jens Pedersen, Kaspar Astrup Schröder, Simon Lereng Wilmont, Camilla Magid, Denmark,
200 min. | Series (documentary)

In the countries of the Silk Road we meet 15 children – one character in each film – on the threshold of adolescence, who are all fighting for a space and an identity of their own, and who all show bravery by taking action on the things that matter to them. With recognizable themes – friendship, love, wishes for the future, parents' ambitions – which is part of every child's life, we hope to eliminate geographical and cultural gaps between our main characters and their Danish audience.
