Ole Christian Madsen, Denmark, 2020

106 min. | DK/Feature | Drama

In an icy cold Europe, people are slowly moving on after the shocking terrorist attack on Charlie Hebdo. In Copenhagen, the newly released criminal Omar has his agenda. Meanwhile, filmmaker Finn, Jewish watchman Dan and the worn-out action force officer Rico live their various everyday lives unaware of their common destiny. They are all affected by a rapidly changing world while trying to make sense of their own. All too late they realise that life changes in an instant, fast and merciless, leaving only one of them left to tell the story about the tragic attack that forever changed the country.
