WALK WITH ME

Johan Oettinger, Peter Tukei Muhumuza, 2013

13 min. | Short fiction | Children's films

In a poetic-action-dance-journey, for children and curious souls, the 5-year-old Melanie lives in the countryside of Uganda. Full of life and living-toys she finds herself pushed out of daydreams and discovers death.

But her toys and not least her vivid imagination helps and life goes on. The world is wild and poetic, if you only have your eyes with you.

This film is a journey through childhood. A playful realization of life, the first meeting with death and its echoes in child's vivid imaginary world.
