

THE FLYING DANE

EN | DA

Jørgen Roos, Denmark, 1957

15 min. | DK/Documentary | Portrait films

On the basis of contemporary illustrations, photos and film material J. C. Ellehammer is described as an inventor and especially his effort as a flying pioneer from the first primitive attempt to fly in 1906 until his construction in 1921 of a kerosene carburetter. His last contribution to the history of aviation.
