CHILDREN OF THE WEST

Alfred Kjerulf, Denmark, 1917
DK/Feature | Western, Drama, Melodrama | Silent films

Natural scientist Murphy gets lost and ends up with a tribe of Native Americans, where the chief's daughter To-to tends to him lovingly. They get married and have a child, little Pawa, but not everyone in the tribe is happy about the alliance with the white man. The chief's sister, Narrova, will stop at nothing to destroy the small family.
