

Arun Dhundale, Mette-Ann Schepelern, Pia Bovin, Aage Rais-Nordentoft, Merete Borker, Lennart Pasborg, Denmark, 1999

17 min. | DK/Documentary

Five shorts of children from ten to twelve years old pondering the phenomenon of time: the greatest invention of the millennium, the thorny path of love, a painful memory, fleeting dreams of the future, time as an abstract concept and personal experience, and change and recurrence. With »Millennium« as their working title, five different directors have staged the children's thoughts.
