LOUISE OG PAPAYA

MIN USYNLIGE VENINDE

Louise lives in a little wooden house surrounded by a lush garden. She has invented an invisible friend whom she calls Papaya. They play together, travel and dance flamenco. However it's not always easy to understand what is going on, her little friend is not visible to her parents, her sister, nor her best friend Amalie. This is a film that will provide young viewers with food for thought as they view and listen to 8-year-old Louise and her friend, Amalie, exchange their views on how this imaginary figure, Papaya, actually exists in the real world.
