TOTEM

Claus Bohm, Denmark, 1984

36 min. | DK/Documentary

EN | DA

Claus Bohm writes: "The film is a personal description of a section of the younger generation known as the no-future generation, or punk culture, a sub-culture which, though largely hidden from the public eye, manifests itself increasingly by cultivating a melancholic and dynamic beauty while at the same time creating its own identity and style. It is marked by loneliness, death, drift, mystique, doom."

Basic information

Credits

Materials
