

HANDICAPBILLEDER - EN FILM OM NORMALITET

EN | DA

Stine Korst, Denmark, 1985
40 min. | DK/Documentary

A documentary report which aims to take the mystery out of what it means to have a physical handicap. People with such handicaps talk about the experiences they have had during contact with people who are not handicapped. Through personal accounts and reconstructed scenes the film demonstrates that handicapped people do actually manage to cohabit and basically lead the same emotional lives as everybody else.
