GOOD COPY, BAD COPY

Ralf Christensen, Henrik Moltke, Andreas Johnsen, Denmark, 2007
59 min. | DK/Documentary

The film vividly displays the global dillemmas of copyright law. Who really owns what? And what is the purpose of copyright? GOOD COPY BAD COPY travels alongside Gnarls Barkley's mega-hit 'Crazy'
to northern Brazil for a local reflavouring and back to remix virtuoso Girl Talk in Pittsburgh. In Sweden, Hollywood henchmen and 'Pirate Bay' followers clash, while in African movie capital 'Nollywood' in Nigeria noone worries about copyright or "piracy". Until now.
