ROOTS IN CHRISTIANIA

Irma Clausen, Denmark, 1985
31 min. | DK/Documentary

In a pure documentary form, the film sheds light on part of children's reality in Christiania. It starts with the children's everyday rôles, the grown-ups' demands on them, and the physical and mental skills offered them there by the alternative environment. Nature calls on their original ways of thinking and encourages them to creativity and independence in their everyday life.
