

A MOTHERLY PEEPSHOW

EN | DA

Knud Vesterskov, Ulrik Al Brask, Jens Tang, Denmark, 1989
DK/Experimental

In this scratch video about the dreams and angst fantasies of women, the waste lands of film history have proved themselves to be an exciting archive of pictures, which have been exploited and freely manipulated with. Imagewise it is a complex video; pictures of different origin are keyed together, and the sampled music plays an important part.
