THE BIRTH OF VENUS 2004

Tina Scherzberg, Denmark, 2004

3 min. | DK/Short fiction

"The Birth Of Venus 2004" is thought as a reconstruction of Botticellis painting 'The Birth Of Venus', 1485. I replace the Venus from the myth with a woman, anno 2004. I focus on the two womens subtle relationship - a meeting/embrace/covering up that can be interpreted in various ways.
