THE LOVE PENSIONERS

Mariella Harpelunde Jensen, Denmark, 1998
 26 min. | DK/Documentary

A documentary on old people and sex. Henning, Inger and the lovers Margot and Aksel are pensioners but they still talk about sex and love. Sex is tabu in their generation, but they are lively love pensioners anyway. We get a glimpse from the world of active elderly who touch each other, look at each others bodies and talk about their longing for a partner. A documentary about the wonderful power of love.
