# TOM MERRITT

Anders Gustafsson, Denmark, 1999  
 DK/Short fiction

Numerous tombs of living and fictitious inhabitants of Spoon River, a pioneer territory in Illinois, USA guide the movie, based on Edgar Lee Master's collection of poetry "Spoon River Anthology" from 1915. The black and white visual poetry - the first of a trilogy - tells the story of Tom Merritt, a man facing the reality he thus far, merely dared witnessing.
