ICELAND BY BIKE

Stig Hartkopf, Denmark, 1998
 DK/Documentary

Adventurer and vigorous biker, Stig Hartkopf has been traveling Iceland with his hand held camera. He depicts the everyday life and the Family of Man in these remote parts of the world. The films are genuine and the interview'er is present with humour and preciseness, which gives a good picture of the small societies of the North at the end of the 20'st century.
