

Dennis Bahnson, Denmark, 2009

81 min. | DK/Feature

Four losers hustling through the world of petty crime in provincial Randers. They claim they work at the Randers Rainforest, home to a variety of exotic animals - but it is just a cover story. One day a rather dubious job goes horribly wrong, and before long our four 'heroes' are being chased relentlessly by the entire entourage of criminals the city has to offer.
