DREAMS IN COPENHAGEN

Max Kestner, Denmark, 2009

70 min. | DK/Documentary

People in a room in an apartment in a house on a street in a city. "Dreams in Copenhagen" is Max Kestners's documentary film portrait of Denmark's capital. A film about the physical surroundings that are part of shaping our lives. About the buildings we wake up in, the front doors we walk out of, the streets we traverse. It is also a film about how the way we live our lives affect our physical surroundings. About places we dream of and the walls onto which we scratch the names our loved ones, before it is too late.
