Jacob Jørgensen, Denmark, 2010

77 min. | DK/Documentary | Portrait films

Studio Olafur Eliasson is the name of Olafur Eliasson¿s designstudio in Berlin. It is one of the most creative workplaces in Europe, and the world famous pieces are created as a cooperation between researchers, engineers, architects, technicians and art historians. In this unique portrait JJ Film follows the Danish/ Icelandic artist and his projects ¿ from the first sketches to their final destinations, where the world press is waiting with high expectations to see the talented "Dane's" newest artistic ideas. The movie introduces many of Eliasson¿s biggest projects from the beginning to the final product and it takes the viewer behind the scenes to meet the otherwise media-shy artist.
