

SÅDAN ER SØSKENDE - MIG OG MIN TVILLING

EN | DA

Mikala Krogh, Denmark, 2011 

20 min. | DK/Documentary | Children's films, Portrait films

Cecilie and Katrine are identical twins. They will begin in a new school after the Summer Holiday, but in separate classes. This is their decision, since they want to try getting new friends that they do not always have to share. The twins used to look exactly the same, but since Cecilie got cancer they do not look that similar anymore. Mainly because Cecilie has lost her hair from all the medicine she has to take to get better. Cecilie and Katrine are both nervous about how it is going to go, and the first big questions are whether Katrine shall wear a jumpsuit to school and whether Cecilie should go with the wig or a cap as she usually does. Both girls are excited as the first day of School arrives.
