

Maria Rytter, Søren Kloch, Lars Vestergaard, Henrik Bohn Ipsen, Denmark, 1991  
54 min. | DK/Documentary

A new film about Denmark based on the studies conducted in Denmark by the Indian social anthropologist professor Prakash Reddy. It depicts a cross cultural meeting seen from a new point of view. It is also a portrait of a people, which has never been studied before by a scientist from the so-called Third World. In the film it is our turn to be alien and queer. Filmed in Denmark and India.
