DANMARK A+B

Kristen Bjørnkjær, Denmark, 1976

26 min. | DK/Documentary

Two film-makers, A and B, start to make a film about Denmark. During the editing process they quarrel about the way things should be presented and what the narrator should say. The result is a »picture duel«. The film makes a certain contribution to the debate about the way the media »manipulate the facts«, but at the same time constitutes a portrait of Denmark in its own right.
