MISFITS

Jannik Splidsboel, Denmark, 2015

In Tulsa, Oklahoma, between two of the city's two thousand churches, you find OpenArms Youth Project - the city's only youth center welcoming gay and transgender teenagers that have decided to come out in the middle of the Bible Belt. These kids are considered misfits, as their wicked lifestyle does not fit into Tulsa's conservative and religious society. Misfits is a film about being yourself, even though that choice may cause great personal costs. The three characters in the film, Larissa, Benny and "D", all go to the center where they find love and support to confront the daily drama they are living because of their sexuality.
