PROGRAMMES
2018**

DANISH FILM INSTITUTE

The Danish Film Institute (DFI) has established an international department with the remit of advising Danish producers on international funding possibilities, while being the point of contact for international producers seeking information on the Danish production landscape and financing possibilities.

Minority Co-Production Funding – Feature Films

The purpose of funding co-productions is to strengthen partnerships and creative exchange between Danish and international producers. The DFI highly values the opportunities afforded from co-productions – international financing, cultural and business exchange and distribution – and therefore encourages such partnerships.

Recent Successful Co-Produced Films:
BORG vs MCENROE by Janus Metz (Sweden)
UNDER THE TREE by Hafsteinn Gunnar Sigurdsson (Iceland)
THELMA by Joachim Trier (Norway)

Subsidy Application Requirements

DFI can fund 5–9 minor co-productions per year. The annual budget amounts to DKK 12 million.

- The application must be submitted by a Danish production company
- There must be Danish creative or technical participation in the production

- There must be a distribution deal for theatrical distribution in Denmark or broadcast on national Danish TV
- The financing in the major co-producing country has to be secured

Applications will be evaluated based on the following criteria

- Creative strength
- Creative and financial collaboration between the Danish company and its co-producer, including previous projects and future plans
- The level of creative and technical collaboration, the participation of Danish talent and crew and the overall Danish spend
- The nature of the distribution deal signed by the producer

DFI is able to allocate no more than 60% of the Danish spend.

Applications are submitted to Noemi Ferrer, Head of DFI International, and assessed by a DFI panel consisting of Commissioning Editors, the Head of International and the Director for Film Funding.

You will get response on your application within a month from submission deadline.

29 May – noon
18 September – noon

Minority Co-Production Funding – Documentaries

The DFI can fund 4–6 minor documentary or short fiction co-productions per year with a total annual budget of EUR 335 750 (2.5 million DKK).

Application Requirements

- The application must be submitted by a Danish production company
- There must be Danish creative or technical participation in the production
- A confirmed distribution deal for theatrical distribution in Denmark or national Danish broadcast or other national distribution e.g. digital aimed at a Danish audience
- The international majority producer must be able to present agreements that confirm national funding. The Danish co-production funding is given as top-up financing only

Selection Process

Applications must be addressed directly to one of the three film commissioners. Together with the DFI producers and the DFI Head of Documentaries, they will evaluate the application. The project evaluation is based on the following aspects: artistic qualities, the creative and financial collaboration between the Danish and international producer, including previous collaborations and future plans, the Danish share of the creative and technical collaboration, and the distribution potential.

You will get a response to your application within a month from submission deadline. In case your project is not chosen for co-production support you can reapply with the same project only if DFI assesses that the project has undergone substantial changes.

The Copenhagen Film Fund was founded in 2013 by the initiative of the Producers Association as a partnership between eight Copenhagen municipalities, the Capital Region and a number of players in the local film industry. The Fund has a budget of EUR 3 million as of 2017.

The fund's primary goals are to invest in Danish and international film and television productions that are produced in the member municipalities and intended for national and international distribution.

The Copenhagen Film Fund primarily invests in international productions of high

artistic merit with Danish co-producers, or Danish projects with substantial international financing and distribution in place. The fund's focus is on productions wholly or partly shot in the region.

FilmFyn (Est 2003) covers the area of Fyn (Funen) in the very heart of Denmark. Owned by eight municipalities, their goal is to promote diversity, create local growth, increased visibility and cultural pride revolving around high quality film and television series.

FilmFyn holds a strong track record of investing in more than 75 successful productions so far, ranging from historical period dramas, thrillers and comedies to television series and children's features, many of them internationally acclaimed. The annual budget is EUR 2 million of which more than EUR 1.5 million is invested based on criteria concerning financial spend in our area, the project's potential to promote Fyn and FilmFyn's potential for recoupment. There are no fixed application deadlines, and the path from communication to action is fast.

FilmFyn also houses Film Commission Fyn. Altogether they are a small, efficient and creative film office with strong local support guiding you to the best locations, people, facilities and resources available for filming in the heart of Denmark.

International co-productions are also eligible for production support from The Finnish Film Foundation when a Finnish co-producer is involved. The Foundation funds around 8 to 10 minority co-productions every year with a support budget of around EUR 1 million.

Eligibility for co-production support is determined with the following criteria:

- Involvement of a Finnish co-producer with Finnish distribution rights
- Creative and/or technical input from Finland
- Distribution of some kind in Finland
- Relevance of the project for Finnish audiences
- Possibilities for an ongoing co-operation between the parties

New in 2018!

We have announced Nordic Distribution Boost, a new workshop for film projects in late development to strengthen the films' cross-border marketing and audience outreach. Producers can apply to the workshop with their distributors – details can be found on our website.

Distribution (single film/slate) and Dubbing support

Our distribution funding is specifically designed to improve the circulation of Nordic films across the Nordic region, and to respond to the fast-changing nature of distribution in the digital world. In 2018 our budget for distribution funding is NOK 9 million.

Nordic distributors of non-national Nordic films can apply for VOD or cinema distribution support for a single film, or slate funding for up to three films. In combination with slate-support it is possible to apply for additional funding to employ a marketing person to work with the release of the specific films.

Nordic production companies, or the Nordic distributor in the country where the film will be released, can apply for dubbing support for cinema, VOD or TV release. To obtain support, the individual films must have been well received at home or have a significant audience potential within their target group, in one or more Nordic countries.

Nordisk Film & TV Fond also assists professionals in developing and improving their knowledge and skills by supporting a range of film events of Nordic importance such as festivals, seminars or forums through its Film Cultural Initiatives funding.

A complete overview of projects funded by Nordisk Film & TV Fond and more information about all our funding schemes, guidelines and how to apply, visit on our web page

MEDIA

Creative Europe (2014–2020) is supporting the European audiovisual, cultural and creative sectors with a budget of EUR 1.46 billion. The Creative Europe programme has two sub-programmes: Culture, Media and a cross-sectorial strand covering both sub-programmes. The Creative Europe programme replaces the former Culture (2007–2014), MEDIA (2007–2014) and MEDIA Mundus programmes.

The national Creative Europe MEDIA Desks have the ambition to consult, inform and advise the audiovisual sectors and industries about the MEDIA sub-programme and the specific funding opportunities represented in the specific calls.

The role of the Creative Europe Desks

- To ensure broad knowledge of the Creative Europe Programme
- To facilitate national participation in the Creative Europe Programme with the widest number of audiovisual professionals and companies in the creative and cultural sector
- To provide citizens with information about the Creative Europe Programme

In addition, we see our most important tasks as

- Assisting applicants in the application process
- Organizing events that will help the film/ TV/game industry get information, network, partners and financing
- Matchmaking and advising about financing and funding opportunities in other countries supported by the MEDIA sub-programme
- Ensuring professionalization and internationalization of the audiovisual industries

The MEDIA sub-programme of Creative Europe supports the EU film and audiovisual industries financially – in development, production, distribution and promotion. The programme helps to launch projects with a European dimension and nurtures new technologies; it enables European film and audiovisual work to find markets beyond national and European borders; it funds training and development schemes.
