

THODA PYAAR THODA MAGIC

Kunal Kohli, Indien, 2008
136 min. | U/Spillefilm

Ranbeer Talwar, one of the country's top industrialists, is a loner, not by choice, but because he lost everyone he ever loved. He is now faced with a very peculiar and uncomfortable situation. In a rare and landmark court verdict, he is to look after 4 orphan children. The orphans hate him and want revenge from him. The children do not want to live with a man they hate; he too cannot face them or look them in the eye for certain reasons. Their life together is very unhappy. One day they pray to God for help and he does help them. He sends his most mischievous, childlike, lovable angel to the rescue, with a mission to bring Ranbeer and the kids together. Geeta comes bicycling down a rainbow- and bursts into Ranbeer's house as the selfproclaimed new nanny. And then starts the roller coaster ride of fun, emotions, magic and love.
